

TABLOO LED-GLASSTABLE

TABLOO, the radiating glass table – top advertizes your success

With an in-glass 3D-volume laser engraving of your logo and/or any chosen motif or subject TABLOO is a radiating highlight. Even in bright environment its shiny led-radiation draws the attention of friends, visitors, customers and bypassers.

Tabloo is a unique piece of the decor and a radiating advertisement. It is your „round table“ where people gather and communicate.

Employing TABLOO for your benefit and place it at/in

- exhibitions, sales departments, Casinos
- entrances, foyers, Bars, Clubs
- terraces, gardens and halls

Employing TABLOO as an all-embracing multifunctional medium for

- sales discussion with customers
- a place of special- and business encounters
- „first-contact“ meetings and „get-togethers“
- your support with interviews, TV-events and talk-shows.

Employing TABLOO allows you to be embraced by hightech and elegance due to

- the thick glass tabletop radiating with intensely diffused led-light
- the light emanating from the tabletop center towards the edge
- the pilar-like stainless steel support
- the glass tabletop surface with its frosted edges causes a „hovering“ impression
- in-house or outdoor placement

Employing TABLOO means advanced technology due to

- laser volume engraving
- energy saving led-lighting
- eye safe by mean of frosted glass edges
- state-of-the-art materials
- unique design
- made in Germany.

Manufacturing according to your ideas and/or drawings is only natural.

Your logo and/or motif radiates glarefree in colors of your choice transforming this unique tabletop into a 3D projection platform of pure light.

Employing TABLOO means state-of-the-art display of colors

- diavolo-red
- bengali-blue
- jalousie-yellow
- natura-green
- opti-white.

We are looking forward to discussing your next project and will be happy to consult with you and to work out a quotation for a state-of-the-art TABLOO „radiating led glass table“.
